

## SOFT GEL CAPSULES

**PLANET INDIA**

Remedies Pvt. Ltd.

## VISION

To become a major Global player in the Nutraceutical & Pharmaceutical Industry by offering innovative, cost-effective and high quality solutions

## MISSION

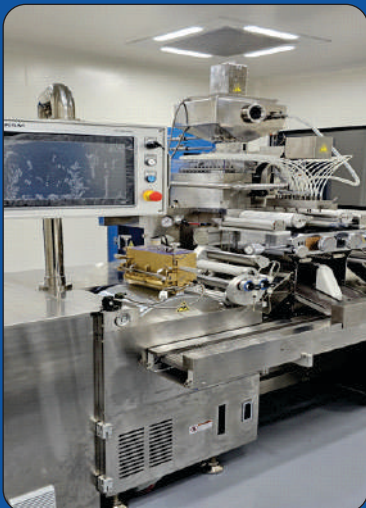

To produce and supply cutting-edge products for people's health in an effort to improve human well-being.

GELATIN MELTER

ULTRA FILL MIXER

ENCAPSULATION

TUMBLER DRYERS

## MACHINERY

To get the best quality, we have installed a complete line with the "Changsung Soft Gel [Korean]" which is one of the world's renowned machines.

The line equipment includes a dedicated Gelatin manufacturing, medicament manufacturing, Color mixing Facilities in addition to the main encapsulation machine with multiple tumble dryers.

All the equipment are housed in "Grade D areas" with Dedicated AHU's. Appropriate Temperature and Humidity conditions are maintained as per the requirement.

Air Handling Units are being placed on roof top and nearer to production area which helps to reduce losses and increase efficiency.

**DRYING ROOM  
(LOW RH AREA)  
18±2% RH  
& <20°C TEMP**

To ensure faster and uniform drying, a separate drying area with Temperature of less than 20°C and Relative Humidity of 18±2% with 120 Air changes has been created. This ensures that the capsules are dried in the fastest possible time to decrease the cost of the product.

### WATER SYSTEM

We also have a dedicated Purified Water system which has a Pretreatment with Ozonation followed by Double pass R.O with EDI. Generated purified water is in continuous circulation with appropriate controls like Conductivity / TOC equipment in line.

### PACKAGING MACHINE

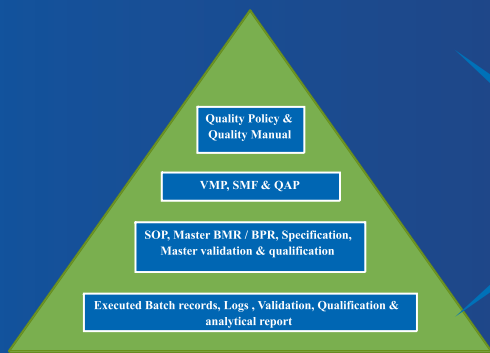

We have Blistering Machine (IMA-PG) which can do both hot formation (ALU / PVC / PVDC / ACLAR) and cold formation (ALU-ALU) as well as a Bulk Packaging (IMA-PG) line for packing in all types of bottles.

### SHAPES OF CAPSULES >>

## QUALITY MANAGEMENT:

Company's documentation structure is basically divided into four levels as illustrated in the below Document Pyramid. (Company's Quality Management System, Document Pyramid).

## TEAM

### BOARD OF DIRECTORS

Mr. A. Surya Theja Reddy

Dr. K. Harshitha Reddy

Dr. K. Govinda Reddy

### EDUCATION

B.Tech., M.Tech.

MS (Sweden), MBA, PhD

B.Tech, MBA, Ph.D

### PORTFOLIO

Managing Director

Executive Director

Director

We believe that there is a real need for a world class manufacturing facility for Soft Gelatin Capsules in the market and we are confident that we can fill this gap. We can provide our customers with their required products along with the required services.

Production Capacity is  
**40 Million**  
Softgels per Year
